MATERIAL SAFETY DATA SHEET

Section I – Product Identification

Product Name: Cuticle Softener
Product class: Cosmetic product
Product description: White smooth cream

Section II - Composition / Information on Ingredients

Hazardous Components:

Ingredients	Cas No	Hazard	Hazard Symbol
Paraffinum Liquidum	8012-95-1	Flammable	F
Triethanolamine	102-71-6	Irritant	Xi

Section III - Hazard Identification

Emergency Overview:

This product possesses no known toxicological hazards when used as directed and all precautions followed. The following adverse effects are known if the Directions for use and precautions are not followed.

Eye Contact : Will cause severe irritation
Skin Contact : Prolonged exposure may cause irritation
Inhalation: Not likely in normal use
Ingestion: Could cause blistering of the mucous membranes

Precautions:

Retain outer packaging for full precautions and directions for use.
 Read label before use.

Section IV - First Aid Measures

Skin contact: Cosmetic product designed to be in contact with the skin. In case of accidental and excess application of the product, rinse with plenty of water and seek medical advice if symptoms persist.

Inhalation: Remove victim to fresh air and keep at rest in a position comfortable for breathing. If not breathing, give artificial respiration, preferably mouth-to-mouth. If breathing is difficult, give oxygen.
 Get medical attention IMMEDIATELY.

Ingestion: Get medical attention IMMEDIATELY. Wash out mouth with water. Remove victim to fresh air and keep at rest in a position comfortable for breathing. Drink 500 ml water unless there is evidence of burns or difficulty swallowing. Do not induce vomiting unless directed to do so by medical personal. Maintain an open air way.

Eye contact: Immediately wash the eyes with plenty of water for at least 10 min holding the eyes open. Obtain medical attention urgently.

breast, perianal or genital areas. Avoid contact with eyes. If discomfort or irritation develops during use, remove the product immediately and rinse area with water. If irritation persists, consult a physician or call a poison control center. Remove any contact lenses and continue to rinse with plenty of water for at least 15 minutes.

Storage: KEEP OUT OF REACH OF CHILDREN. FOR EXTERNAL USE ONLY. Protect from sunlight. Do not expose to temperatures exceeding 30°C. Store preferably between 5°C and 25°C.

Section VIII – Exposure Controls / Personal Protection

General protective measures :

Unnecessary contact with eyes and mucous membranes should be avoided

TLV: There are no known limits for odor detection

Respiratory protection: Not required under normal conditions of use

Skin, body, hand protection: None required

Eye protection: Safety glasses or goggles

Section IX – Physical and Chemical Properties

Appearance: Paste

Color: White color

Odor: Fragrances are scent specific.

pH: 7.50 – 8.50

Solubility in water: Soluble

Flash Point: Not available

Evaporation rate: Not available

Flammability: Not available

Vapor density: Not available

Section X – Stability and Reactivity

Conditions to avoid: This is a stable product, no special conditions to avoid. The product are stable in his original packaging at temperature between 10°C - 30°C

Hazardous decomposition products: None under normal conditions, however, burning can produce carbon monoxide and/or carbon dioxide.

Materials to avoid: Avoid strong bases at high temperatures, strong acids, strong oxidizing agents and materials reactive with hydroxyl compounds

Section XI – Toxicological Information

Inhalation: Can cause irritation of the nose and the throat. At high concentration can cause narcosis.

Contact with the skin: Prolonged contact can cause crack in skin.

Contact with the eye: Can cause irritation of the conjunctive. Can cause injury of the cornea.

Section XII – Ecological Information

Any reject of these products in the sewer or stream must be avoided.

Section XIII – Disposal Considerations

Incinerate in a furnace where permitted under national and local regulations.

Section XIV – Transport Information

Road transport: Not Regulated
Maritime transport: Not Regulated
IATA: Not Regulated

Section XV – Regulatory Information

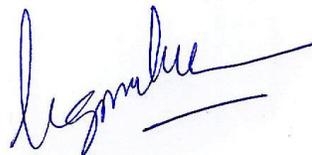

SARA Reporting Requirements: N/A
SARA Threshold Planning Quantity: N/A
CERCLA Reportable Quantity (RQ): All components of this product are listed in the TSCA Inventory
Other Federal Requirements: N/A
Other Canadian Regulatory: The MSDS contains all of the information required by the CPR
State Regulatory Information: N/A
67/548/EEC (European Union) Requirements: The primary components of this product are not listed in Annex I of EU Directive 67/548/EEC

Section XVI – Other Information

Disclaimer: While F.C Co., Ltd believes that the data contained herein are accurate and derived from qualified sources, the data are not be taken as a warranty or representation for which F.C Co., Ltd assumes legal responsibility. They are offered solely for your consideration, investigation and verification. Any use of these data information must be determined by the user to be in accordance with applicable federal, state and local laws regulations.
 F.C Co., Ltd. requires all customers who receive this Security Data Record to study it carefully in order to be informed of any dangers presented by the product. As far as security is concerned the customer should:

- Inform his employees, agents and sub-contractors of information contained in this form.
- Supply one copy of this form to each one of his own customers for this product.
- Ask for these same customers to inform in turn their own employees and customers.
