Section 5. Health	Hazard Data							
Primary Routes of Er	ntrv:							
Timaly Routes of El	Inhalation	☑ Skin Absorption	☐ Ingestion	n 🗹 Ev	e Contact			
Carcinogen Listed In			9	,				
	□ NTP	☐ IARC Monograph	□ OSHA	 ✓	lot Listed			
Emergency First Aid								
	Eye Contact:	Product may cause mild t	to severe eve irritat	tion.				
	Skin Contact:	Product is practically nonirritating to the skin. Prolonged or repeated liquid contact can result in defatting and drying of the skin which may result in skin irritation and dermatitis.						
	Inhalation:	Vapors may cause slight irritation to mucous membranes. High vapor concentrations may cause CNS depression.						
	Ingestion:	Product is slightly toxic by readily absorbed and may produce CNS depression. Prolonged and repeated exposure may produce liver damage.						
Medical Conditions C	Senerally Aggravated	by Exposure:						
		and respiratory disorders n	nay be aggravated	by exposure	to this product.

Section 7. Precautions for Safe Handling and Use / Leak Procedures

Steps to be Taken if Material is Spilled or Released:

Warning: Flammable. Eliminate all ignition sources. Handling equipment must be grounded to prevent sparking. ***Large Spills*** Evacuate the hazard area of unprotected personnel. Wear appropriate respirator and protective clothing. Shut off source of leak only if safe to do. Dike and contain. If vapor cloud forms, water dog may be used to suppress; contain run-off. Remove with vacuum trucks or pump to storage/salvage vessels. Soak up residue with an absorbent such as clay, sand or other suitable material; place in non-leaking containers for appropriate disposal. Flush area with water to remove trace residue; dispose of flush solutions as above. ***Small Spills*** Take up with an absorbent material and place in non leaking containers; seal tightly for proper disposal.

Waste Disposal Methods:

Do not contaminate food or feed by storage or disposal. Do not reuse empty container. Wrap empty container and throw in trash collection. Dispose of according to federal, state, and local regulations regarding health, air, and water pollution.

Precautions to be taken in Handling and Storing:

Keep liquid and vapor away from heat, sparks, and flames. Surfaces that are sufficiently hot may ignite even liquid product in the absence of sparks or flame. Extinguish pilot lights, cigarettes, and turn off other sources of ignition prior to use and until all vapors are gone. Vapors may accumulate and travel to ignition sources distant from the handling site; flash fire can result. Keep containers closed when not in use. Use with adequate ventilation. Keep out of reach of children.

Other Precautions and/or Special Hazards:

None

Section 8. Supplemental Health Information

Persons on Disulfiram (Antabuse (R)) therapy should be aware that the ethyl alcohol in this product is hazardous to them just as alcohol from any source. Disulfiram reactions (vomiting, headache, and even collapse) may follow indestion of small amounts of alcohol and have also been described from skin contact.
